**And finally, we'll look at Croatian Adriatic yacht charters...**

And for the 2, 3 or 4 couples wanting to experience the incredible beauty of the Croatian Adriatic and some of its 1065 islands, rocks and reefs, IQOTC can offer the ultimate travel concept - YOUR OWN PRIVATE, CREWED MOTOR YACHT! A special deal has been struck that will allow us to offer the finest of these private vessels at surprisingly-good weekly, all-inclusive charter rates for 2009. But you'll have to move very fast here! Croatia is currently the #1 European travel destination worldwide; and there are not that many of these yachts!

There is no better way to appreciate the Croatian Adriatic than by yacht. The long chain of rugged islands off Croatia's mountainous coast makes this a cruising haven considered to be among the finest in the world. Deep channels with abundant anchorage and a stable continental climate are attracting yachting enthusiasts worldwide. Anchor in one of the quaint island ports and be amongst the hustle and bustle; or opt for the tranquility of your own private bay.

Upon arrival at Split or Dubrovnik airports, IQOTC can arrange a greeting by an English-speaking host and a transfer to the yacht. (We can also transfer to a hotel for a stay before boarding the vessel) On board you'll be our "all-inclusive" guest, with an English-speaking crew catering for your every need.

7 or 14-day cruise programs will be custom-designed to suit locations requested, number of guests and, of course, budget. With a fuel allowance of up to forty nautical miles each day, cruising is leisurely and relaxed. In Quest of the Classics can also arrange a complimentary private flight to show a dramatic aerial view of some of the islands before returning you to the airport

Yes, not only can IQOTC offer these amazing weekly charters, but we can also book private full-day yacht transfers from Dubrovnik to Hvar, Korcula, Brac (and vice versa), Split to Dubrovnik (and vice versa) and half day and full day cruises around any of the islands.

For more information and, of course, reservations, please contact an IQOTC consultant.
